Width:

Between 1.705 inches and 1.735 inches

Thickness:

Between 0.205 inches and 0.215 inches

Hole Arrangement Style:

Double even

Lining Style:

Segment plain

Arc Length:

13.540 inches

Minor Radius:

5.800 inches

Application Type:

Dry

Hole Type And Quantity:

10 counterbored

Features Provided:

Rigid friction lining

Attachment Method:

Riveted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
