Width:

2.000 inches

Overall Length:

22.938 inches

Thickness:

0.250 inches

Hole Arrangement Style:

Indefinite

Mounting Hole Diameter:

0.422 inches

Friction Lining Material:

Asbestos, hh-l-361, type 3, class a or asbestos, hh-l-361, type 3, class b

Lining Style:

Rectangular block plain

Application Type:

Dry

Hole Type And Quantity:

18 counterbored

Features Provided:

Flexible friction lining

Attachment Method:

Riveted

Special Features:

With 22 rivets part no. 114518

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
