Overall Length:

42.500 inches

Metallic Hardness Rating:

Not rated

End Application:

Aircraft towing motorusaf type mb-2

Adjustability:

Adjustable

Construction:

Solid

End Connection Type:

Ball stud

Rod End Lock Clamp:

Not included

Special Features:

With lubrication fittings located topside of one rod end

Material:

Steel

Material:

Stainless steel

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T307-m
