Body Material:

Brass

Mounting Provision:

Unthreaded mounting holes

Overall Length:

16.214 inches

Tempurature Rating:

Not rated

Bore Diameter:

3.750 inches

Mounting Provision Arrangement Style:

Two hole

Mounting Facility Diameter:

0.750 inches

Center To Center Distance Between Mounting Provisions:

7.500 inches

Port Location And Quantity:

1 center section

Port Style:

Gasket seal single port

Port Thread Series Designator:

Npt single port

Port Pipe Thread Size:

0.500 inches all ports

Body Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
