Fabrication Method:

Molded

End Attachment Type:

Bolt

Friction Lining Material:

Asbestos composition

Application Type:

Dry

Segment Quantity:

2

Actuation Method And Location:

Lever external

Special Features:

13.750 in. Id and w/27 13/64 in. Diameter plain holes and 22 holes counter sunk on inside

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
