| Fabrication Method:               |
|-----------------------------------|
| Molded                            |
| Friction Lining Material:         |
| Asbestos composition              |
| Application Type:                 |
| Dry                               |
| Segment Quantity:                 |
| 1                                 |
| Drum Diameter For Which Designed: |
| 18.000 inches                     |
|                                   |
| Features Provided:                |
| Friction lining                   |
| Surface Condition And Location:   |
| One side ground                   |
| Drum Width For Which Designed:    |
| 4.000 inches                      |
| Actuation Method And Location:    |
| Hydraulic cylinder internal       |
| Shelf Life:                       |
| N/a                               |
| Unit Of Measure:                  |
|                                   |
| Demilitarization:                 |
| No                                |
| Fiig:                             |
| A230a0                            |
|                                   |
|                                   |
