Overall Length:

25.750 inches

Body Diameter:

0.750 inches

Adjustability:

Adjustable second end

Construction:

Solid

End Connection Type:

Socket second end

Bend Quantity:

2

Distance From Rod/link End To Nearest Edge Of Opening:

1.075 inches second end

Opening Shape:

Keyhole second end

Opening Largest Diameter:

0.865 inches second end

Ball Stud Seat/threaded Plug:

Not included second end

Center To Center Distance Between Connecting Centers:

22.500 inches

Rod End Lock Clamp:

Not included

Material:

Steel

Material:

Stainless steel

Shape:

Bent

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T307-m
