Overall Diameter:

5.780 inches

End Application:

2350-01-087-1095 armored tank

Material:

Plastic

General Description:

Material: plastic molding, polycarbonate, spec I-p-393, ultraviolet stabilized: clear tint. O/a wall thickness 0.150 in, shape: circular. Shall withstand impact of 125 ft lb in an axial direction. Hub opening diameter: 1.125 in nom, o/a diameter: 5.780 in nom. Refer to drawing 12274539 for data

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
