Stud End Thread Direction:

Right-hand

End Application:

Used on international harvester v8 45 gasoline engines except hv404 and 446 engine loadstar v610 through 1810 truck

Stud Thread Size:

0.625-18

Construction:

Solid

End Connection Type:

Ball stud

Center To Center Distance Between Connecting Centers:

14.440 inches

Stud End Thread Series Designator:

Unf

Shape:

Bent

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T307-m
