Fabrication Method:

Compressed

End Application:

Pettibone corp, crane, truck mtd, model 130scp

Friction Lining Material:

Asbestos composition

Lining Style:

Disk brake shoe

Application Type:

Dry

Actuation Method And Location:

Hydraulic cylinder internal

Attachment Method:

Bonded

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
