Overall Length:

9.437 inches

Overall Width:

6.250 inches

End Application:

P/n 1873b47h01 dc motor onboard 140 ft wtgb class coast guard vessels

Material:

Stainless steel

General Description:

Babbit faced bearing surface; irregular in shape; o/a thickness 1.625 in. Nom; included w/pad 1 ea load cell model 121-009a; matt s/s; o/a thickness 0.688 in. Nom; diameter 2.250 ins nom; with 4 conductor shielded polytetrafluoroethylene cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
