Overall Length:

4.000 inches

Major Thickness:

0.250 inches

Hole Arrangement Style:

Single

Mounting Hole Diameter:

0.375 inches

End Application:

Forklift, liftking inc., model lk-6s

Lining Style:

Irregular

Application Type:

Dry

Hole Type And Quantity:

2 thru-hole

Major Width:

1.938 inches

Features Provided:

Friction lining

Actuation Method And Location:

Hydraulic cylinder external

Attachment Method:

Bolted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
