Body Thickness:

236.0 millimeters

Metallic Hardness Rating:

Not rated

End Application:

2320-01-318-9902 heavy equipment transporter

Adjustability:

Nonadjustable

Construction:

Solid

End Connection Type:

Socket

Bend Quantity:

2

Opening Shape:

Round

Ball Stud Seat/threaded Plug:

Not included

Center To Center Distance Between Connecting Centers:

1519.0 millimeters

Rod End Lock Clamp:

Not included

Special Features:

Tie rod assembly

Material:

Steel

Material:

Steel

Shape:

Bent

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T307-m
