Overall Length:

33.000 inches

Body Diameter:

1.000 inches

Body Width:

33.000 inches

Stud End Thread Direction:

Right-hand

End Application:

E/I1-73-001-2689

Adjustability:

Nonadjustable

Construction:

Solid

End Connection Type:

Ball stud

Rod End Lock Clamp:

Not included

Special Features:

Tie rod steering minor diameter x 1.8 deep csk .68 diameter x 120 .625-18 -28x1.25 deep per federal standard h28 both ends

Material:

Steel

Material:

Stainless steel

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T307-m
