Body Material:

Steel

Mounting Provision:

Threaded mounting screws

Bore Diameter:

0.625 inches

Overall Diameter:

0.625 inches

Fragility Factor:

Moderately delicate

End Application:

2330-01-389-9073

Bore Type:

Straight

Mounting Position:

Left

Design Characteristics:

Double acting single cylinder

Bleeding Feature Quantity:

1

Special Features:

Brake cylinder assembly 5/8 bore duo servo

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
