Body Material:

Iron, malleable

Mounting Provision:

Unthreaded mounting holes

Fragility Factor:

Moderately rugged

Actuation Method:

Direct

End Application:

Truck, cargo

Reservoir Type:

Integral

Port Location And Quantity:

2 cylinder base

Special Features:

Brk mas (mtd to boos asm)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
