**Fabrication Method:**

Molded

**Strengthening Feature:**

Internally molded-in reinforcement or interwoven wire

**End Application:**

Wasp class lhd

**Friction Lining Material:**

Metallic

**Application Type:**

Dry

**Segment Quantity:**

2

**Actuation Method And Location:**

Err-060

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A230a0
