**End Application:**

Used on 2320-01-452-5579 truck, tractor

**Cable Length:**

150.000 inches

**Travel Distance:**

2.000 inches

**Product Name:**

Cable-5/16x138in., 5th wheel 2in. Stroke

**Conduit Length:**

145.000 inches

**Special Features:**

Used in transmission control-allison wtec-3, md3560p, 5-speed trans, lht-handle shifter, 24v dc; cable location, runs from cab along I.H. Frame rail to cross member behind engine; jacket material, polyethylene

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A501n0
