End Application:

Air compressor trailer

Operation Method:

Hydraulic

Shoe Quantity:

2

Installation Location:

Right hand front

Product Name:

10x2-1/4" hydraulic brake with parking feature

Special Features:

Uni-servo brakes to be used with surge activator

Supplementary Features:

P/n 006-017-00 four brake mounting nuts are not included in assembly and may be required for proper functioning of item

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T129-b
