**Thread Direction:**

Right-hand

**Thread Length:**

Between 2.940 inches and 3.060 inches

**Thread Size:**

1-16

**Body Width:**

Between 1.480 inches and 1.520 inches

**Body Thickness:**

Between 1.480 inches and 1.520 inches

**Screw Thread Series Designator:**

Un

**Thread Location:**

Internal

**Construction:**

Solid

**End Connection Type:**

Plain threaded

**Bend Quantity:**

2

**Rod End Lock Clamp:**

Not included

**Special Features:**

Tie rod, steering; material ansi 1045 crs rd; material specification astm a108; drawing has full thread series designator reading as un-2b, not just un

**Material:**

Steel

**Material:**

Stainless steel

**Shape:**

Bent

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T307-m
