Overall Length:

3.400 inches

Overall Height:

0.395 inches

Overall Width:

3.145 inches

Product Name:

Lever

Special Features:

Material spec: sae 1050 crs modified 0.70 percent manganese alum killed- fine grain spheroidize annealed hrb 80 max; gage distance on height 0.260 inch see au-853 and radius of 5.930 inches for gaging purpose only see au-632

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515v0
