Body Style:

Multiple cionnection

First End Connection Type:

Threaded internal tube

Second End Relationship With First End:

Identical

Second End Connection Type:

Threaded internal tube

End Connection Quantity:

2

First End Thread Size:

0.500 inches

Second End Thread Size:

0.500 inches

Product Name:

R-12 relay valve

Special Features:

Two inlets 1/2-14 npt; two outletports 1/2-14 npt; application pressure4 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
