End Application:

Firetruck 6x6

Product Name:

Abs sensor

Special Features:

Sensor, abs, 90 degree, with connector; model number ws-24 wheel speed sensor; special accessory clamping sleeve p/n5012878

Supplementary Features:

Displacement force 120n; coil resistance 1750 ohms ; application for electronic control unit

General Description:

For rosenbauer panther 6x6 fire truck; used in anti-skid braking system to sense axle speed of each wheel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
