End Application:

Valve check

Track Width:

72.0 inches

Product Name:

6000, torsion axle

Vehicle Design Control Activity:

0vsh3

Special Features:

6000 lbs capacity galvanized torsion axle, the mounting brackets are 72 inches wide and spindles have a zero degree strating angle.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514s0
