Thread Direction:

Right-hand

Overall Length:

330.0 millimeters

Thread Size:

3/8

Overall Diameter:

160.0 millimeters

Mounting Position:

Horizontal

End Application:

Medium mine protected vehicle - mmpv

Drain Type:

Bottom

End Shape And Location:

Convex both ends and straight both ends

Opening Quantity:

3

Opening Size:

40.0 millimeters and 24.0 millimeters

Opening Location:

1 on each end and 1 on bottom

Opening Characteristic:

Threaded and unthreaded

Capacity:

5.0 liters

Mounting Base:

Included

Product Name:

Air reservoir

Vehicle Identification Designator:

M1270

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-h
