End Application:

14509308749

General Description:

Aluminum alloy, fed qq-a-250/6, temper 4321, welded construction, approx 8.810 in. Lg, 6.870 in. W, 9.500 in. High, various metal thk

Fsc Application Data:

Heaters, vehicular compartment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
