Overall Width:

7.062 inches

Overall Thickness:

Between 0.430 inches and 0.580 inches

End Application:

2350-01-136-8738

Nominallength:

9.688 inches

Special Features:

4.125 in. Radius center top

Material:

Fiberglass or glass fiber

Material Specification:

Astm c800 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51100
