**End Application:**

Field artillery ammo spot vehicle

**Features Provided:**

Bolt mounted

**Vehicle Design Control Activity:**

19207

**Vehicle Identification Designator:**

M992

**Special Features:**

Material is aluminum alloy 6061-t6511 specification qq-a-200/8; optional material is aluminum alloy 6061-t651 specification qq-a-250/11; nha nsn 2350-01-368-9500 field artillery ammunition support vehicle, (faasv) g801, xm922; dimensions are 8.310 in. X 4.000 in. X 2.310 in.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A51200
