Assembly Method:

Welded

End Application:

Nsn 2320-01-371-9583 truck, utility, hmwv

Mounting Bracket:

Not provided

Construction:

Multiple-piece

Product Name:

Bumper, hydraulic winch

Special Features:

Material is carbon steel 1010-1020, hr, cq, p&q iaw astm a635, 0.25 inch thick; finished iaw cage 19207 dwg 12469113 with black 37030 top coat color; alternate finish is primer iaw mil-p-53022, type i and topcoat iaw mil-c-46168, type ii black 37030 color; length 29.25 inches; width 12.48 inches

Color:

Black 37030

Material:

Carbon steel

Material:

Carbon steel

Surface Treatment:

Primer zinc and paint

Surface Treatment:

Zinc primer and black 37030 topcoat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T312-v
