Vehicular Insulation - Page 1 of 1

Overall Width:
541.5 millimeters
Overall Thickness:
22.1 millimeters

Bolt Hole Quantity:
7
End Application:
2320-01-549-8565
Nominallength:
726.8 millimeters

Material Specification:

Plastic and glass fiber

Acrylonitrle butadiene styrne mfr ref 1st material response and polyester fiberglass iaw g-258m type i assn standard 2nd material response

Shelf Life:

Material:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A51100
