Overall Width:

503.0 millimeters

Overall Thickness:

22.1 millimeters

Bolt Hole Quantity:

7

End Application:

2320-01-549-8565

Nominallength:

583.6 millimeters

Material:

Plastic and glass fiber

Material Specification:

Acrylonitrile butadiene styrene mfr ref 1st material response and polyester fiberglass iaw g-258m assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51100
