Terminal Quantity:

1

Terminal Type:

Push-in

Mounting Hole Spacing:

120 deg. On 48.26 mm dia.

Design Type:

Oscillating arm

Connection Quantity:

1

Mounting Method:

Threaded sleeve

Voltage In Volts:

24.0

Special Features:

E.I. Truck, cargo, 2320-01-549-8565 next assembly 12505153 used on fmtva1p2; electrical interface connector have .3 x .8 inch silver-plate contacts compatible with wiper harness connector (12419896); mounting hole dia: 6 mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T239-a
