Overall Width:

Between 23.75 inches and 24.25 inches

Overall Thickness:

Between 1.75 inches and 2.25 inches

End Application:

Mrap-buffalo a1

Nominallength:

18.0 inches

Product Name:

Foam sheet, 220 poly, charcoal, 2x24x18in

Special Features:

Item is charcoal in color; backing type is plain; temp range is negative 20 to 150deg f; tensile strength is 32psi; firmness at 25% deflection 9psi; stretch limit is 50% and density is 2.2lbs/cu.Ft.

Material:

Plastic

Material Specification:

Closed cell 220 polyethylene mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51100
