Operation Method:

Gas

Product Name:

Gas spring assembly

Extended Length:

724.0 millimeters

Compressed Length:

424.0 millimeters

Piston End Connection Thread Size:

1.25 inches

Cylinder End Connection Thread Size:

1.25 inches

Special Features:

Piston rod end fitting: angle ball joint with m8x1.25 thread; body end fitting: angle ball joint with m8x1.25 thread; surface treatment, end fitting is zinc plating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07200
