Overall Length:

13.0 inches

Overall Width:

16.0 inches

End Application:

Body/hull gro

Seating Capacity:

1

Side For Which Designed:

Both sides

Product Name:

Mechanical seat suspension

Special Features:

Height: 3 to 8.75 inches, features: heavy duty shocks, adjustable operator weight position 130-300 lbs, meets vibration requirement for earth moving equipment, black power coat finish.

Color:

Black

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A560c0
