Overall Length:

8.125 inches

Overall Width:

3.000 inches

End Application:

Bradley tank

Product Name:

Mirror for synchronizaton fixture (m34-m36 periscope)

Special Features:

Velement in accordance with mil-0-13830. Item thickness 0.75 in. , aluminum hard anodized-alcoa alumite or equivalent (.0005/.0010) all over except surface marked "p" which is the reflective face side. Nha 10927121-1 frame.

Material:

Aluminum

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
