**Effective Length:**

132.000 inches

**Core Construction:**

Wire rope

**Flexible Conduit Material:**

Steel

**Core Diameter:**

0.500 inches

**Core Processed End Connection Type:**

Adjustable threaded adapter

**Flexible Conduit Outside Diameter:**

0.812 inches

**Travel Distance:**

3.000 inches

**Core Material:**

Steel

**Special Features:**

Both ends swivel type w/lubrication fittings mtd on swivel housing, has special rubber covering and lubrication for 65 degrees f working temp and equipped w/water proof protection bellows on each end

**Fsc Application Data:**

Boom winch and auxiliary winch, tank, m174

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524c0
