Thread Length:

0.500 inches

Outside Diameter:

5.250 inches

Overall Height:

1.000 inches

End Application:

Hemtt family (heavy expanded mobility tactical trucks)

System For Which Designed:

Pressurized

Retaining Device Type:

Chain and wire hook

Pressure Relief Method:

Automatic

Thread Diameter:

4.000 inches

Color:

Yellow

Material:

Copper alloy 377

Style Designator:

Non-vented threaded type (internal)

Thread Series Designator:

Npt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
