Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/2590-01-174-4160>

Body Material:

Steel

Bore Diameter:

1.250 inches

Body Outside Diameter:

2.637 inches

End Application:

Model sd2024e

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

External threaded

Piston Rod End Similarity:

Not identical

Second Piston Rod End Style:

Tongue type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
