Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/2590-01-243-0982

Mounting Provision:
Lugs
End Application:
Truck forklift, drexel industries, model fl-60-eehs
Integral Valve Operation Method:
Hydraulic
Design Characteristics:
Single acting single cylinder
First Piston Rod End Style:
External threaded
Mounting Type And Location:
Lug cylinder head end
Port Location And Quantity:
1 piston rod end
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A34200
