Mounting Provision:

Lugs

End Application:

Truck forklift, drexel industries, model fl-60-eehs

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

External threaded

Mounting Type And Location:

Lug cylinder head end

Port Location And Quantity:

1 piston rod end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
