End Application:

Truck, forklift, pettibone, model a2001-74

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

Tongue type

Mounting Type And Location:

Tongue both ends

Port Location And Quantity:

1 piston rod end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
