Effective Length:

6.500 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Steel

End Application:

Shipboard material handling equipment

Core Diameter:

0.062 inches

Flexible Conduit Outside Diameter:

0.219 inches

Travel Distance:

1.625 inches

Features Provided:

T-handle

Core Material:

Steel or stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
