**Effective Length:**

67.110 inches

**Flexible Conduit Material:**

Stainless steel

**Travel Distance:**

1.000 inches

**Features Provided:**

T-handle

**Criticality Code Justification:**

Feat

**Product Name:**

Cable, fuel shutoff, push-pull or utility non-locking control

**Special Features:**

Rvery light duty; working input load-push 80 lbs-pull 120 lbs; length 68"; grooved one end; 10-32unf-2a one end; 7/16-20unf-2 other end w/t-handle; high-density polyethelene cover and liner; min. Bend radius 5"

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524c0
