Effective Length:

67.110 inches

Flexible Conduit Material:

Stainless steel

Travel Distance:

1.000 inches

Features Provided:

T-handle

Criticality Code Justification:

Feat

Product Name:

Cable, fuel shutoff, push-pull or utility non-locking control

Special Features:

Rvery light duty; working input load-push 80 lbs-pull 120 lbs; length 68"; grooved one end; 10-32unf-2a one end; 7/16-20unf-2 other end w/t-handle; high-density polyethelene cover and liner; min. Bend radius 5"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524c0
