Overall Height:

10.000 inches

Mounting Hole Quantity:

3

End Application:

Bradley

Product Name:

Bracket, crew access unit

Special Features:

CARR-IE-R,C-OMMA

Material:

Aluminum alloy 5083 or aluminum alloy 5086 or aluminum alloy

Material Specification:

Qq-a-200/4 5083-h111 federal specification single material response or qq-a-200/5 5086-h111 federal specification single material response or qq-a-250/6 5083-h321 federal specification single material response or qq-a-250/7 5086-h32 federal specification single material response or astm b 209 assn standard single material response or astm b 221 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
