End Application:

2350-01-509-3953

Retaining Device Length:

6.000 inches

Product Name:

Protective cover/cap filler opening

Special Features:

Cap with wire rope for retaining device, the wire rope has polytetrafluoroethylene jacket with terminal

Color:

Olive drab

Material:

Aluminum alloy body

Surface Treatment:

Cadmium body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A083a0
