**End Application:**

2350-01-509-3953

**Retaining Device Length:**

6.000 inches

**Product Name:**

Protective cover/cap filler opening

**Special Features:**

Cap with wire rope for retaining device, the wire rope has polytetrafluoroethylene jacket with terminal

**Color:**

Olive drab

**Material:**

Aluminum alloy body

**Surface Treatment:**

Cadmium body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A083a0
