**Inside Diameter:**

1.500 inches

**Overall Length:**

10.660 inches

**End Application:**

Fuel and electronics system

**Specific Use:**

Fuel and electronics assembly

**Criticality Code Justification:**

Feat

**Product Name:**

Fuel fill pipe

**Special Features:**

Critical technology, export control; 6061-t6 aluminum alloy; 90 degree bend, 6 bolt oval flange connection, grooved connection

**Material:**

Aluminum alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A520u0
