Inside Diameter:

1.500 inches

Overall Length:

10.660 inches

End Application:

Fuel and electronics system

Specific Use:

Fuel and electronics assembly

Criticality Code Justification:

Feat

Product Name:

Fuel fill pipe

Special Features:

Critical technology, export control; 6061-t6 aluminum alloy; 90 degree bend, 6 bolt oval flange connection, grooved connection

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
